LEADING EDGE CONCEPT AND DESIGN

*Palmieri Furniture*

## MOST WANTED - VISTA

This month's "most wanted" is the Vista line that promotes detailed design elements and traditional handcraftsmanship. The solid hardwood legs of this collection create an elegant and contemporary design in any library environment.

The "green" version of this collection uses "Lyptus" wood which is an environmentally friendly, fully sustainable and renewable resource.

For more information on more interesting Palmieri products and features please visit:  
[www.palmierifurniture.com](http://www.palmierifurniture.com)

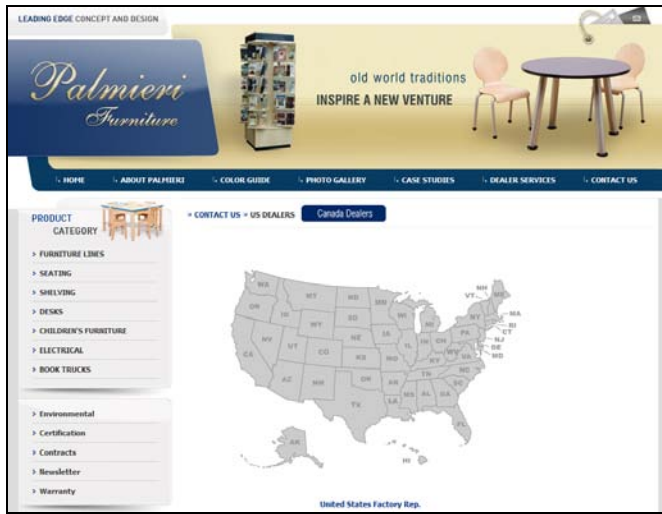

Palmieri manufactures furniture that captures the centre of attention.

The sophisticated pieces create a perfect study environment in any library with high-standards.

*Elegance without reserves*

Project: Agnes Irwin School, Rosemont, PA

## Dynamic Map

Palmieri website is now more complex than ever before. Among other features, it allows you to look for the representatives in your state, and gives you the contact information you need to proceed.

## Commitment to responsible forestry

As you know, the Forest Stewardship Council (FSC) is the internationally recognized standard setting body that accredits and monitors forestry certifiers worldwide.

It is our pleasure to announce that we enclosed successfully a 5 year period certificate, and extended our partnership with another 5 years until 2012.

Palmieri has and can use the FSC trademarks and the Rainforest Alliance seal to promote certification and label certified forest products.

It is useful to know that the Rainforest Alliance logo replaces the SmartWood logo on all environmentally friendly documentation.

Palmieri certification code is SW-COC-000762 and it can be confirmed on the FSC official website: [www.FSCCanada.org](http://www.FSCCanada.org)

## Fun News!

Thank you for all your Christmas cards, we were proud to display them in our offices.

All the best Wishes from Palmieri!
