## Natural attraction

Beautiful hardwoods are combined under a natural and clean look. The enduring durability makes these library furniture pieces a exceptional complement to virtually any library environment.

**Project:** Auburn Public Library, GA

## NEW STAIN FINISHES

Palmieri offers **new beautiful wood stain finishes** that are more resistant and better than before.

**PALSEAL** is a fast drying sanding sealer with good clarity and moisture resistance. It is a quick drying product with excellent sanding properties, used for sealing wooden furniture and other wood surfaces. This product dries rapidly, powders very well, and seals.

**PALSPEED Extra Light** is a catalyzed lacquer designed for all types of wood for interior use. It provides a smooth, hard-wearing surface that is resistant to alcohol, water, grease and usual household chemicals. Palspeed Extra Light has improved light stability.

For cleaning use warm water with a mild soap. Unfortunately samples are not available at this moment.

## MOST WANTED EMPIRE

This month's "most wanted" items are available under the Empire collection. Warm hardwoods merged with cool steel to create a series of smoothly silhouetted contemporary pieces unmatched in aesthetic value and structural integrity.

## Palmieri website on 1st page of Google search

After a whole year of efforts where we pushed on aggressively-advertising our products & website, where keywords have been changed for a better optimization of on-line search engines, and we repetitively generated analytical reports to find out who-where-why-and-how Palmieri website has been viewed around the world... we have a breakthrough....

**Palmieri website is now on the first page of Google & Yahoo search** - by keywords "library furniture"
